

Loch Ness - Design your own Highland tour!

A Monster Day Out:

On the trail of the famous Loch Ness Monster.

Follow this itinerary and, although we can't guarantee that you'll see Nessie, we do promise you beautiful scenery, amazing monster stories and a memorable day out! From Inverness, follow the A82 to Drumnadrochit along the banks of Loch Ness. Stop off at the award-winning **Loch Ness 2000 exhibition** to find out more about this fascinating lake (and its famous monster) from pre-historic times onwards. Then on to **Urquhart Castle** for panoramic views over the loch, great photo-taking opportunities - and the story of one of the most important medieval castles in the Highlands. For a change from the car (and close-up views of the loch) why not take a cruise? **Jacobite Cruises** cruise from Inverness along the Caledonian Canal to Loch Ness and also offer a range of short cruises from the Clansman Harbour on Loch Ness-side or **Urquhart Castle**.
